

Cal-EPA, Hazardous Waste and Substances Site (HWSS) List, (formerly the California State Office of Planning and Research, Hazardous Waste and Substance Site List [Cortese List]): This list identifies various hazardous waste and substance properties within the State of California. The HWSS List was reviewed to determine if the subject site or sites within a half mile radius of the subject site are listed.

The California Department of Conservation Division of Oil and Gas (DOG) Regional Wildcat Maps: The DOG publishes several maps showing the location of producing oil and gas wells as well as the location of plugged and abandoned dry holes. The DOG maps were reviewed to determine if producing oil and gas wells or plugged and abandoned dry holes are located on or within a half mile radius of the subject site.

State Water Resources Control Board (SWRCB), Solid Waste Assessment Test (SWAT) Program and the California Integrated Waste Management Board, Solid Waste Information System (SWIS) Active/Inactive Disposal Sites, and the Transfer/Processing Stations & Material Recovery Facilities, Transformation Facilities, and Closed Disposal Sites: The above lists concerning active and inactive landfills were reviewed to determine if any listed landfills are located on or within a half mile radius of the subject site.

U.S. EPA, Resource Conservation and Recovery Information System Source (RCRIS) List: This database contains selective information on facilities that have notified the EPA as hazardous waste generators, transporters, or treatment, storage or disposal (TSD) facilities regulated under the Resource Conservation and Recovery Act (RCRA), and includes the RCRIS TSD facilities subject to Corrective Action (CORRACTS). The RCRIS List was reviewed to determine if the subject site or adjacent sites are listed as hazardous waste generators or transporters, and to determine if the subject site or sites within a mile radius of the subject site are listed as TSD facilities or CORRACTS sites.

State Water Resources Control Board (SWRCB) California Underground Storage Tank (UST) Report: This database lists all registered UST sites (identified by ERIIS as RST) located within California. The UST report was reviewed to determine if the subject site or sites within 100 feet of the subject site are listed.
